

## CURRICULUM VITAE

R N T C O N S U L T I N G I N C

### Sergey Mastitsky, Ph.D.

*Dr. Mastitsky received his undergraduate degree in Ecology from Belarusian State University and PhD degree in Aquatic Ecology from Zoological Institute of the National Academy of Sciences of Belarus. His primary research interests are two-fold: (i) patterns of spread of aquatic exotic species and their role in invaded ecosystems; (ii) statistical analysis of biological data, including the development of novel analytical pipelines for analysis of large multivariate datasets. His specific knowledge in the area of bioinformatics and statistical modeling contributed to numerous international research projects.*

#### ACADEMIC BACKGROUND

- Doctor of Philosophy, Aquatic Ecology (Institute of Zoology, National Academy of Sciences of the Republic of Belarus) – 2004
- Master of Science, Ecology (Belarusian State University) – 2001

#### PROFESSIONAL EXPERIENCE

- Data Analyst, RNT Consulting Inc. – 2008 to present
- Post-doctoral Researcher, Division of Theoretical Bioinformatics, German Cancer Research Center, Heidelberg, Germany – 2010 to 2012
- Associate Editor of the open access journals *Aquatic Invasions* and *BioInvasions Records* – since 2009 and 2012, respectively, to present
- Research Scientist, Great Lakes Center, Buffalo State College, Buffalo, N.Y., U.S.A. – 2008 to 2009
- Associate Professor, Biology Faculty, Belarusian State University – 2007 to 2008
- Assistant Professor, Biology Faculty, Belarusian State University – 2004 to 2007
- Invited Lecturer of Statistics, Belarusian Republican Institute of Higher School – 2007
- Teaching Assistant in Biometry, Biology Faculty, Belarusian State University – 2001 to 2004
- Junior Researcher, Research Laboratory of Aquatic Ecology, Biology Faculty, Belarusian State University – 2001

#### SELECTED ACTIVITIES AND ACHIEVEMENTS

- Manuscripts reviewer for *Acta Zoologica Lituanica*, *Aquatic Invasions*, *Ecology*, *Journal of Molluscan Studies*, *Revista de Biología Tropical*, and the book “*The Zebra Mussel in Europe*”.
- Completed an online course “Biostatistics in R: Clinical Trial Applications”, The Institute for Statistics Education “statistics.com”, December 2011.
- Completed an advanced training course “Writing Scientific English”, German Cancer Research Center, October 2010.

# CURRICULUM VITAE

## Sergey Mastitsky, Ph.D.

- Visiting scientist at the Laboratory of Ecotoxicology, Biodiversity and Ecosystems, University of Metz, France, January 2010.
- Belarusian team member in the European Commission-funded research project entitled "Assessing Large-Scale Risks for Biodiversity with Tested Methods (ALARM)", 2007 to 2009.
- Visiting scientist at the Field Research Laboratory, New York State Museum, U.S.A., January and August 2007.
- Completed an advanced training course entitled "The impact of climate change on drainage basins and aquatic ecosystems", Norr Malma Field Station, Uppsala University, Sweden, July 2007.
- Visiting scientist at the Institute of Technology, Sligo, Ireland, April 2006 and April 2010.
- Completed an advanced training course for university teachers entitled "Educational technologies in teaching of the environmental and mathematical subjects", Belarusian Republican Institute of Higher School, 2006.
- Named stipend for postgraduate students from the Ministry of Education of the Republic of Belarus, 2003 to 2004.
- Completed a summer-school course entitled "Sustainable development in the Baltic Sea region" organized by Karlstad University (Sweden), Starbienino, Poland, 2000.
- Third prize winner at the Belarusian Republican contest of the student research projects; Named stipend from the Special Fund of the President of the Republic of Belarus for social support of gifted schoolchildren and students, 2000.

### GRANTS AND CONTRACTS RECEIVED (PRINCIPAL INVESTIGATOR)

- Preliminary risk assessment of the parasites of aquatic exotic invertebrates in the Great Lakes region, New York Great Lakes Protection Fund, 2009, \$9500.
- Post-doctoral fellowship from the Alexander von Humboldt Foundation (Germany), 2008.
- Travel Grant for participation in the 15<sup>th</sup> International Conference on Aquatic Invasive Species (Nijmegen, The Netherlands), Belarusian State University, 2007, \$800.
- Eco-parasitological consequences of *Dreissena polymorpha* (Pallas) invasion into Lake Naroch, Belarusian Republican Foundation for Basic Research, 2005 to 2007, \$5000.
- Structure of the endosymbiont communities hosted by the zebra mussel in waterbodies of different trophy, Faculty Mini-Grant, Belarusian State University, 2003, \$1200.
- Seasonal dynamics of echinostomatid infection in the bivalve mollusc *Dreissena polymorpha* (Pallas), Faculty Mini-Grant, Belarusian State University, 2002, \$500.

### PUBLICATIONS

#### Books and Book Chapters

Mastitsky S. E. 2007. The bivalve mollusc *Dreissena polymorpha* (Pallas) in Belarus: history of introduction, spread, and ecological impacts. In: *Classical and modern concepts of Biology*. Belarusian National Institute of Education, Minsk, pp 10-15. (in Russian)

Mastitsky S. E. 2009. *Study guide on the use of STATISTICA software for analysis of biological data*. Institute of Fish Industry, Minsk, 76 p. (in Russian)
